RESPONSE

Commissioner For Patents

Sir:

This is in response to the Office Action of July 7, 2003.

1. The conflicting claims in applicant's co-pending Serial No.

10/058,746 will be cancelled to render the rejection based  
upon provisional double-patenting grounds moot.

2. Accordingly, Claims 1-20 should be found to be allowable

because no other grounds for rejection were presented herein.

Respectfully submitted,
